Read moreResort to Torrents When Official Downloads Are Too LongMisterfuzz recommends using BitTorrent whenever possible to avoid traffic jams.Just download a new release of Ubuntu and it lags behind a bit, probably due to a considerable load on the server. ETA was about 3 hours so I decided to try my luck with torrents. The whole picture is done in less than 10 minutes. The moral of the story: Getting around the server is left with torrent downloads, if available. This may be obvious to some, but it is less obvious to others. Also, often, you can search for torrents (legal) and find ones you didn't even know existed. Use Paper Clip to Keep Notes, Reminders on iMac Magnetic BezelDaniel make good use of its iMac magnetic monitor:Here's what I've been using for years, but it seems to surprise everyone who comes to my office (even old Mac users). As you probably know, today's iMac (and the last few generations) has magnets that surround the screen. These suckers are strong, so they hold several paperclips as well as business cards, even a sheet of station paper the size of a letter. My desk is still a messy mess, but it helps me have paperclips and reminders on me and don't mix with the crap underneath. Hold Down Options to Fix Boot Problems in Some MacMisterfuzz Sharing Solutions for MacBook! the fussy do not know if this has affected other users, but when I updated my MBP to 10.7.2 and restarted I got a screen like a strange DOS that says No device can be booted - Insert the boot disk and press any button. It turns out my startup disk somehow switch to my (empty) Boot Camp partition. The problem is solved by booting while holding the Option (aka Alt) to return to OS X, then changing the startup disk back to Macintosh HD in System Preferences. By Christell York TracFone offers prepaid talks, text, and web services without a contract. This service can be customized with ringtones. Ringtones replace the default sound that alerts you to a call with a song of your choice. TracFone ringtones vary in cost and TracFone also charges an additional Web access fee of 0.5 units per access minute. The total cost of the ringtone will be the cost of the tone plus the cost of the time it takes to download it. The steps for downloading ringtones to your phone will vary by phone type. Open an Internet browser on your phone. Scroll to Downloads using the arrows, and select OK. Scroll to Ringtones, and click OK. Select the ringtone category you want in the Category menu and press OK. Select the specific ringtone you want using the arrow keys, and press OK. Highlight Buy and press OK after reviewing your selections. Click the link provided on the Thank you screen to download the ringtone. Click Yes on the confirmation screen. Press the Power/End button to exit the ringtone screen after the Saved screen appears. You can also press Launch to hear the ringtone you downloaded. game files , how to put everything together as .dvd or .iso to burn to dvd and can play on my xbox? Free ringtones are a great way to add some fun and personality to your phone without having to spend your hard-earned money on more mobile phone accessories. Using the website below, you'll be able to get some free ringtones downloaded to your phone in minutes, and some even let you create your own ringtones. There are a variety of free ringtones available from each of these websites that include music, sound effects, movie and TV clips, funny sounds, message tones, and anything else you want to have on your phone. This free ringtone download site all has different features that make it unique, so be sure to check out each site until you find your favorites. Not every ringtone website is legal, and even legal ones sometimes have copyrighted music. If you look at the ringtones of popular modern songs, it is more than likely copyrighted and illegal to download. Ringtones website lets you download audio files directly from their site. In most cases, the audio file is already set up as a ringtone file for you so all you have to do is put the ringtone on your phone to use it. However all phones make the transfer process easy. In fact, only Android devices, such as phones from Samsung, Google, etc., can download ringtones directly to the device. For iPhone, iPad, and iPod touch devices, you must first download the ringtone to your computer then transfer it from your computer to your phone. You can do this with iTunes. To download the ringtone to your Android or BlackBerry device, select the MP3 option on the ringtone website. If you're going to use ringtones on your iOS device, download the M4R version of the ringtone. Learn how to change your Android ringtone or how to choose a different iPhone ringtone to actually use the ringtone you downloaded. If the ringtone website provides ringtones in audio formats that your phone doesn't recognize as ringtone files, your phone might save them as songs instead of ringtones. You can use free audio converter programs like FileZigZag to save ringtones in a format that can be used on your phone. Some downloads of this audio file will start playing in your browser automatically and will not prompt you to download the ringtone to your computer. If that happens, right-click the file and choose to save it so you can choose where it should be downloaded on your computer. Zedge has a huge collection of free ringtones that you can browse by voice search and popular. Categories help you find free ringtones related to animal sounds, party sounds, alarm sounds, cat sounds, game sounds, and more. This site really excels at having some excellent sound effects and ringtone movie clips. Select a ringtone to preview it and use the download button to place it on your device. Android users can install the ZEDGE app to download ringtones. Over 25 completely free ringtone categories are available at Tones7. You can find MP3 and M4R downloads here, which means they work on iPhone, iPad, Android and other devices. Each download page lets you listen to the ringtone and see the details, such as file size, number of downloads, description, genre, and user comments. Tones7's list of most popular ringtones is a great place to start if you're not sure which genre to choose. They also have a page for newly added ringtones. mobile9 has you insert your device type before you even get to the free ringtone. This means that once you log in, everything you see will be compatible with your phone. You can search through mobile9's free ringtones with what's hot, new, or marked as the best of everything. There are also filters that you can use to only display free ringtones based on the category they are in, such as oldies, Spanish, funny, SMS, and many others. Family filters can also be toggled. Most of the favorite ringtones on mobile9 include sound effects, movie clips, and original music. After listening to a ringtone you like, you can download it or send it to your device (if your device download directly). The mobile9 premium plan lets you skip the waiting time. There is a Windows 3 mobile9 mobile app that you can download for free. The phone9 selector does not include some new phones, but that does not mean that the ringtone will not work for the device. Just select a phone of the same brand to get compatible ringtones. Just like some of the few Another ringtone site from this list, Melofania lets you edit your own music files to create custom ringtones, as well as download only ringtones created by other users. The ringtone editor is very easy to use because you can drag parts of clips around the music file, choosing which parts of the song to make into ringtones. In addition to creating your own ringtones, you can search for or browse ringtones created by others such as by artist's name or by sections only for featured ringtones. If you're not sure where to start, check out the top ringtones downloaded in Melofania. When you are ready to download ringtones from Melofania, you can choose one of two types of files that will work with iPhone, Android, and other phones. CellBeat is another free ringtone download site that has a lot of options. Some categories include classic, disco, alternative, funky, game, Indian pop, Latin, jazz, and electronica. Ringtones can be previewed on the site and you can see when they were uploaded, how many downloads each received, file length and size, and other details. CellBeat has a variety of links to make it easier to find your next favorite ringtone, such as recent ringtones, most downloaded ringtones, and the highest ranked ringtone page. On the ringtone download page there are two links: one for iPhone and one for Android. MyTinyPhone has over half a million free ringtones that you can browse by category, date added, and popularity, and there are many ways to download them. Once you find the ringtone you want, you can send it to your phone as an attachment or URL, save it to your computer as an MP3, or download it as an M4R file for use on your iOS device. If you've been to MyTinyPhone before, you might like the new ringtone section to find the latest additions. The most popular ringtone areas are also pleasant. If you signed up for a free account on MyTinyPhone, you can upload your own MP3 to turn it into ringtones. While doing so, you have the option to keep the ringtone private or share it with other MyTinyPhone users. If you're using an Android device, you can use the MyTinyPhone mobile app to download free ringtones. Another great place to get free ringtones for your phone or tablet is iTunesMachine. A wide variety of ringtones will make finding your next favorite tone easy, plus there is a list of their best ringtones for easy selection and a new ringtone page for a fresh list. Each ringtone has a preview button that you can use to quickly listen to the ringtone before saving it. You can do this from a list of tones, fast and easy to preview one after the other. One of the great unique features you get with this ringtone site is the ability to include your name in ringtones. Select a sound and language and enter your name before downloading the ringtone. Spoken messages can also be edited, and can be used for text as well. Ringtones download here is available for iPhone and more such as Android, BlackBerry, etc. You can get MP3 or M4R ringtones. Mobiles24 is another source of ringtones. You have access to over 130,000 ringtone downloads. Like most ringtone download sites, you can preview sounds before saving them. When it's time to get the ringtone, you can choose the version that works for Android and other phones, and which can be used on the iPhone. The app is available for Android users. The free ringtones on ToneTweet are available as a large list that you can scroll through, or you can search for them with keywords. There are also categories that separate ringtone downloads, such as Rock, Games, Funky, Christmas, Halloween, Message, Animals, and Marimba. These free ringtones can be sorted by popularity, the latest added to the site, and average ratings. When you decide which ringtone you want to use for your device, you can preview the sound and see how many downloads it has received so far. There are two download links on each download page, but only MP3s seem to work consistently. Sometimes what you really need is a simple notification sound, which you may find on this ringtone site precisely called Sound Notifications. Some categories of free ringtone downloads include Sound Effects, Funny, Christmas Ringtones, Animals, Wake Tones, and Mini Ringtones Songs. When downloading ringtones, you can choose from MP3, M4R, and OGG. Ringer does not offer ringtones for you to browse and download. Instead, it's just a ringtone maker that allows audio files to be uploaded to the site and edited. You can upload MP3, WAV, WMA, and some other audio files. The ringtones you create in Ringer can be any length, and choosing a selection of audio files is very easy to manipulate by dragging the edge of the selection or choosing the exact time the ringtone must start and end. Ringer also lets you adjust the volume of the ringtone before downloading it. When you're done, just select which format to save as (MP3 or M4R) and select the MAKE RINGTONE button to have Ring customize the audio file as you specified so you can download it to your computer. Uploaded files are deleted from Ringer.org after an hour. Thanks for telling us! Tell us why! Why!
